RE: Temporary Address

Date: January 14, 2009

.....

Jack Wolford called the office to let me know that they are currently living in Ontario, Oregon. I asked him how long they were going to be in Oregon and he stated that they would be back at the Idaho address this spring. Since they will be back in Idaho before too long I told him I would just put a memo in the file with the temporary address, otherwise he would need to send me something in writing.
