Subject: 63-11816 Permit condition

Pam,
The Department of Parks & Recreation is working to provide a report to IDWR detailing the results of our recharge efforts under this permit. Unfortunately, we cannot seem to come up with the records regarding a purchase of rental water that may or may have happened sometime between 1998 and 2002. We do not have anything specific in the City's files, and the Water Resource Board has not responded to our inquiry for information. Our consultant attempted to contact Steve Lester at the Western Region office, but he will be out of the office until the New Year.

We can submit a report to IDWR by the deadline of January 1, 2009, that does not include any consideration of rental pool water that may have been used at this park. Or, if IDWR is willing to extend the deadline by 2 - 4 weeks, we can provide a more complete report after receiving any records that may be on file at the regional office.

Please let us know as soon as possible, and we will respond accordingly.

Thank you very much.
