MEMORANDUM

February 9, 2007

-82
To: Steve Lester, Western Regional Office
From: Keith Franklin, Northern Regional Office
Subject: Transfer Application For Larry Allen, 82-10176

The Northern Office received this transfer application and upon an initial review found the land is actually located within Basin 79. Apparently the decreed right is mis-numbered.

I apologize for having to return this to you; it looks like a fun one to process! If you have any questions, don't hesitate to give me a call.
