Dear Property Owner(s):

Re: Permit No. 81-7098

This office has sent out a copy of the enclosed letter and some forms to the addressee(s). The letter was returned to the department where upon I contacted the county Assessor's Office and found that you are now shown in the county's records as the property owner.

Please note this permit, which covers a portion or the entire parcel of land you own, has not been assigned to you by the permit holder of record. In order to have this done, either provide us with any documentation which specifically conveys the permit to you or have the permit holder complete the enclosed assignment form, sign it before a notary public and return it to this office before the proof due date. At that time, the department will acknowledge the assignment and provide you with an opportunity to submit the required proof of beneficial use or request for extension of time.

If this office can be of further assistance, please feel free to contact me at 334-4440.

Dear Mr. Morrison:

We are returning your Check No. 92-313 in the amount of \$30.00 and your application for some necessary corrections.

The legal description in Item No. 3 does not agree with your map. Also, the legal subdivisions of Section 12 do not correspond with the notations you have made on the map. I suggest that you contact someone such as your local Soil Conservation Service office for assistance in drawing a correct map.

Also, on Item No. 8.b., it is necessary to enter the legal description of the irrigated acreage and the number of acres to be irrigated.

It will also be necessary to complete Item No. 9.c. indicating the arrangements you have made with the Forest Service for access.

It is also required that the complete form be written in ink, including the map. I have included an instruction sheet ~~along~~ with your application which you may find useful.

If you have any questions or need any assistance, please contact me.
