Re: Application for Transfer 75052 – Information Request

Chuck-

We recently discussed the ownership issue of WR 37-22255 involved in transfer #75052 for Peter Trust, LP. I relayed the information given to me in a letter from Mr. Tom Thomas, explaining how the Peter M. Thomas Trust dissolved into the LP, to the staff at the State Office and they do not feel that it is sufficient to give authority for the LP to file. Because the recommendation is in the name of the Trust, we are essentially performing an ownership change in the transfer. Because of this, we will need a document which conveys ownership of the water right (or parcels with appurtenances) to the LP, be it in the form of a deed or another legal document. I'm afraid we will not be able to continue processing the transfer until such document is received. I would request you send this information within 30 days of the date of this letter.

If you have any questions regarding this letter, please don't hesitate to contact me.

Sincerely,

Jeffrey S. Cooper
Senior Water Resource Agent
IDWR – Southern Region
