Re: Transfer Evaluation

This transfer proposes to rearrange acres and change the point of diversion to correspond with current pivot systems. There was a discrepancy in the place of use and point of diversion legal description. Applicant proposes to rearrange acres and change the point of diversion under water right 31-12036 to correspond with the current irrigation system and to avoid any further violations. This transfer will correct violation. Applicant will be using existing wells. Water use is irrigation.

Authority to File:

According to IDWR records, Blaine Larsen (BLF) is the owner of the new place of use. Bart Larson (President of BLF) who has power of attorney for Blaine Larsen signed the application (see document).

Water Right Validity:

Decreed water right. Applicant is correcting a place of use violation. Forfeiture is not an issue.

Injury to Other Water Rights:

Inside the ESPA and in WD 110. Correcting a pending notice of violation. Applicant is fixing a discrepancy in legal descriptions. Applicant will be using existing wells. No ground water analysis needed. Watermaster does not oppose transfer.
No advertisement needed.

Enlargement of Use:

There is no evidence of enlargement of use.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
