Conditions/Remarks:

1. This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
2. Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.
3. Use of water under this right may be affected by an agreement between the protestant and the right holder.
4. Use of water under this approval shall comply with applicable water quality standards of the Division of Environmental Quality of the Idaho Department of Health and Welfare.
5. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
6. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.
7. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
8. After specific notification by the department, the right holder shall measure the diversion or shall enter into an agreement with the department to determine the amount of water diverted from power records and shall annually report the information to the department.
9. The dairy operation authorized under this approval shall comply with applicable county zoning and use ordinances.
10. The total instantaneous diversion of water from all points of diversion under Transfer 5589 shall not exceed 2.02 cfs, nor a total combined annual volume of 857.4 af.
