Robin,
Thank you for helping me to direct this letter to the appropriate person.

To recap our phone conversation:
Bear Lake Sands, Inc. no longer exists as a business entity. However, I understand that Mr. James Nebeker and the East Shore Water Company own the property which is the place-of-use for this permit. I also understand that Mr. Nebeker is a client of Randall Budge. I expect that some follow-up will be necessary so it is important for me to make the correct contacts.

Regular mail editions of this letter will go out today.

Sincerely,

Michele Edl
