So where does this put the water right?

Lance

<<dcgx01_.pdf>> Mr. Anderson,
(and Mr. Ketterman,)

The IDWR's state office received this drawing of the Bear Lake Sands Water and Sewer System from Jack Balling last Friday. Although my copy doesn't have an engineer's stamp on it, (a side issue that I'll need to take up with Mr. Balling), I believe that it will aid me with processing a water right permit held Bear Lake Sands Inc.

I spoke to Dennis Dunn (IDWR Eastern Region) this morning. I understand that Dennis has been trying to keep both of you gentlemen informed of activity related to the Bear Lake subdivisions and he requested that I send a PDF copy of this drawing to you.

Questions? I will try to answer them.
Michele Edl
Associate Engineer
Water Rights Section
IDWR, Boise
