PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 74-15043

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use (proof) form and the appropriate filing fee, submitted for the above referenced permit.

During my review of your proof and this permit, I found that your proof statement, reflects irrigation 222.29 acres. This permit is limited to irrigation of 120 acres. Therefore, please be aware that this permit is limited and your other water rights for irrigation may total the 222.29 acres, but that each permit contributes to the total amount irrigated. For your information, I've enclosed a copy of this permit.

The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm that the water use meets the permitted use(s). An examiner will be contacting you from either our Eastern regional office in Idaho Falls or from our satellite office in Salmon.

Be advised that Section 42-248, Idaho Code, requires you or the owner of these water rights to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions, please contact either the Idaho Falls office at (208) 525-7161, the Salmon office at (208) 756-6644, or me at (208) 287-4942.

Sincerely,
