PROOF ACKNOWLEDGEMENT LETTER

RE: PERMIT NO. 65-22818

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

In response to your request to waive your measurement requirement, the department has issued the enclosed Order waiving the measurement condition of your permit. You will be notified by the department if this condition must be reinstated, should there become a need to measure water use in the future.

During my review of the proof you filed, you paid \$150.00 for the license examination fee submitted with the proof. This right was permitted with a diversion volume of 0.30 cubic feet per second (cfs), which the filing fee is \$100.00. Therefore, I have requested that the State of Idaho issue you a check in the amount of \$50.00. This check will be mailed to you within 7-10 business days.

The mailing address reflected on your statement of completion is different than our records reflect, so I have changed our database to reflect the address on this letter. For your information, I have printed off a proof sheet that reflects the current information for this permit. Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.
