Permit to Appropriate Water

NO. 95-09480

9. The right holder shall measure and record the quantity of water diverted pursuant to this right and shall annually report water withdrawals, the number of active and planned service connections and/or other pertinent information as may be required by IDWR pursuant to Section 42-701, Idaho Code. The annual report shall be submitted to IDWR for the calendar year ending December 31 by February 15 of the following year. When a water district, water measurement district or other similar district is established with the responsibility to measure and/or regulate the diversion of water in connection with this right, the right holder shall measure and report water usage as required by the district and the requirement to report directly to IDWR will terminate.
10. The diversion and use of water described in this permit is subject to the additional conditions and limitations described in sections B(3), B(4), B(5), B(6) and B(7) of a separate agreement between Kootenai Environmental Alliance and the water right holder to which IDWR is not a party and which is independently enforceable by a court of law.
11. This right when combined with water right 95-8532 shall not exceed a diversion rate of 2.0 cfs and annual volume of 800 acre feet except for in the case of a fire emergency.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Coeur d'Alene, this 20th day of January, 2009.
