RE: Jon & Wei Christianson (Application for Permit No. 71-7170)

Dear Allen:

Please reference my letter to you dated December 17, 2008. As I indicated in that letter, I would provide you with any new information I received relative to the Christianson application for ditch confirmation. Enclosed herewith please find an email from Merrill Cazier of the United States Forest Service relative to this pending application. I think it clearly supports my clients' request for an extension of time with regard to this application. The Christiansons are doing everything within their power to obtain confirmation of that ditch right-of-way.

Thank you for your earliest consideration.

Yours truly,

GARY D. SLETTE

I have been working on your case as well as other projects. I have nothing new to report today.

I know this is early to be planning a site visit for May 2009, but with everyone's schedule it may not be to soon to look plan meet on site.

A site visit does not mean a decision has been made; it is a meeting to gather more information.
Is there a day the week of May 11th or the 18th I can plan to meet with someone at the ranch?
