PROOF ACKNOWLEDGMENT LETTER

Re: Permit No. 96-9077

Dear Permit Holder:

This letter acknowledges receipt of the proof of beneficial use ("proof") form submitted for the above referenced permit. During my review of the proof I found that some uses that were permitted were not developed and a measuring device requirement may not be completed.

The next step in the process of obtaining a water right is for a field examination to be conducted. The field examiner will determine what changes will be made to the final licensed water right in relation to what you have developed and beneficially used.

Your mailing address has been updated in the Department's database to reflect the address on this letter. Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov

If you have any questions regarding my review of your permit, call me at (208) 287-4942 or additional questions concerning the field examination, please contact the Northern Regional office in Coeur d'Alene at (208) 762-2800.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
