PROOF ACKNOWLEDGMENT LETTER

Re: Permit No. 96-9259

Dear Permit Holder:

The department acknowledges receipt of the Proof of Beneficial Use form ("proof") and the license examination fee for the above-referenced water right permit. Enclosed is an order that reinstates this permit, since proof and the license examination fee were submitted after the proof deadline. Please note that the priority date for the permit has been advanced to November 7, 2005, as provided in Section 42-218a(2), Idaho Code.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water according to the conditions of the permit.

Enclosed is a copy of a drilling permit that appears to be for this water right. This drilling permit is for a single-family residence. Well Construction Rules of the Department require an additional drilling permit fee in some cases where an increased use of water is authorized for a well. Without more information, the Department's records indicate that an additional drilling permit fee in the amount of \$125.00 is due based on the water use developed under this water right permit. Failure to pay this fee may be cause for cancellation of your water right permit. Please submit this fee to the Department along with a note of reference identifying the drilling permit number for accurate receipting.

Be advised that Section 42-248, Idaho Code, requires you as the owner of water rights to maintain current ownership and address records on file with the department. For your information, forms to file a change of ownership of a water right, or a change in the address of the water right owner are available from any department office or from the department's website: www.idwr.idaho.gov

If you have any questions, please contact either me at (208)287-4942, or the **Northern** Regional Office of the department in Coeur d'Alene at (208) 762-2800.

Sincerely,
