_____	)	

This matter having come before the Idaho Department of Water Resources ("department"), the Department makes the following Findings of Fact, Conclusions of Law and Order:

FINDINGS OF FACT

1. On November 15, 2005, the Department issued Permit No. 96-9259 in the name of Robert Myers ("permit holder") authorizing the diversion of 0.20 cubic feet per second ("cfs") of ground water for nine domestic households in Section 29, Township 57 North, Range 02 West, Bonner County. A condition of permit approval required the permit holder to submit proof of beneficial use of water ("proof") to the Department on or before November 1, 2008.
2. On August 31, 2008, the Department notified the permit holder that proof of beneficial use was due and instructed the permit holder of the steps to be taken to submit the proof or a Request for Extension of Time ("extension request").
3. The Department issued the permit holder a lapse notice on November 14, 2008, because it had not received an acceptable proof statement or extension request.
4. On January 2, 2009, the permit holder filed proof of beneficial use.

CONCLUSIONS OF LAW

Section 42-218a, *Idaho Code*, provides that the Department may reinstate a permit upon a showing of reasonable cause by the permit holder within sixty days of the date of notice of lapsing.

The permit holder has provided a reasonable showing why the permit should be reinstated, by submitting an acceptable proof of beneficial use. The permit shall be reinstated based upon the January 2, 2009 filing date.

ORDER

IT IS HEREBY ORDERED that Permit No. 96-9259 is **REINSTATED** with an advance in priority to November 7, 2005.

DATED this 5th day of January, 2009.
