Re: Application For Permit to appropriate the Public Waters of the State of Idaho

Dear Mr. Dahlman:

The Idaho Department of Water Resources is returning your recently submitted application for the following reasons:

Item #2 Source of Water Supply

The proposed source of water is ground water. You will need to supply information on the well, such as a well driller's report that shows the particulars of the wells construction, including the fee. Since you are applying for the irrigation of two acres, the well may need to be upgraded, depending on when it was constructed.

Item #3 Point of Diversion Location

You need to complete the location of the quarter quarter that the well is located in. For example, such as the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$.

Item #6

Please complete a, c, d, or e as applicable.

Item #7

An applicant has between 1 to 5 years by which to prove up on a water right. Please choose how many years it will take you to complete your project.

Item #10

Please complete this section as to any other water rights that cover your property.

Item #11

Please complete a, b or c if applicable.

COPY

Please supply this requested information within the next 30 days so as not to delay processing. If you have any questions, feel free to contact me at this office.

Sincerely,

Keith E. Franklin
Senior Water Resources Agent

RE: Application for Permit No 95-9495

Dear Applicant(s):

The Department of Water Resources acknowledges receipt of your water right application. Please refer to the above referenced number in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the Coeur d'Alene Press on August 7 & 14, 2008. Submittal of protests to this application will be allowed for a period ending ten days after the second publication.

If the application is protested you will be sent a copy of the protest(s). All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in Boise for final processing. The State Office will notify you of any action taken on the application and will send you a copy of the permit if approved. A typical processing time for an unprotested application is about eight to twelve weeks.

Please feel free to contact this office if you have any questions.

Sincerely,

Keith E. Franklin
Senior Water Resource Agent
