3. kfranklin 12/12/2007 Permit Review

Comment: Several corrections were made since the application for this permit was advertised. An error for the section in the place of use was advertised as Section 25 and it should have read Section 23. Also, the priority date should have been advertised as June 8, 2007 instead of July 8, 2007 and was corrected on the permit.
