9a. Who owns the property at the point of diversion? If other than applicant, describe the arrangement enabling the applicant to make this filing.

APPLICANT

9b. Who owns the land to be irrigated or place of use? If other than applicant, describe the arrangement enabling the applicant to make this filing.

APPLICANT

10. Remarks:

There is no cold groundwater available in this area, so we are requesting a waiver of Sec. 42-233 I. C. requiring that the heat value of this water be used before the water is used for outside irrigation. We want to irrigate some trees first to develop shade before our home is completed. Some waste water is available on a very irregular basis, so we will use that first (see separate app for permit). But the well is needed for proper irrigation. It will take several years to complete the home, but this well will be our culinary source once we move in.

11. Map of proposed point of diversion and place of use attached? ☐

BE IT KNOWN that the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

William L. Bridges
Applicant *John Huelsh*
