*Subject: Lavar Thornton Transfer Application*

Dear Steve,

On behalf of our client Lavar Thornton, I am pleased to offer the enclosed Application for Transfer seeking to create a 237-acre permissible place of use for four water rights appurtenant to his property in 2N 1W Section 34. Water rights 63-3469, 63-7154 and 63-7247 were submitted in the Basin 63 Part II Director's Report and have not received objections. Right 63-11602 is an October 12, 1991 priority license that did not require an SRBA claim. Copies of deeds for this property are included. Enclosed is Mr. Thornton's check, number 2097, for \$505.30 of which \$330 is for this transfer, and \$175.30 for an unrelated SRBA claim described in separate correspondence attention Jan Shurte. Please contact me with any questions or requests for additional information.

Sincerely,

Scott N. King, P.E.  
Senior Project Engineer
