Mr. Lester,

I request expediting transfer of water right number 61-7048. The transfer document number is 73815. There is a pending change of ownership on this right that is being held up by the transfer. To make it even more difficult, I purchased the property from the transferee, so I need to change the pending ownership. I spoke with Ms. Jan Shurte who suggested I may be able to expedite all this by writing to you. I received a Change of Ownership form from Ms. Shurte and will process that with her. I would like to express my sincere appreciation to Ms. Shurte; she is very cordial and accommodating and has given me information and resources to help me understand this process. Thank you for your time.

Respectfully,

Mark S. Koopman
