Mr. Price:

Just checking in to see if you received the attached earlier E-mail.
This is a different Smid Application in the Salmon River Basin than
the Schimd from New Plymouth that you withdrew your protest last month.

Take a look at the attached; the applicant has removed the BLM 40 ac. Tract
From the application.

If I don't hear from you by the first of the year, I
will go ahead and set a protest prehearing conference in February.

Regards
John Westra
