Re: *Original:* Water Right No. 79-10065
Split into: Water Right No. ***79-14218 &*** 79-12419

Dear Water Right Holder(s):

We have received and processed a Change of Ownership for a portion of your original Water Right as referenced above. This change of ownership resulted in a split of your original water right.

When a portion of the original water right has been conveyed to another and the original right has been split, then the original water right number is renumbered by issuing a new water right number to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new water right number reflects your remaining portion of the original water right, after the change of ownership. Enclosed is a copy of this new water right for your records. Please refer to your new water right number when corresponding with our office. Water Right Nos. 79-10064 and 79-7063 were sent to our State Office to process as they required additional review. You will be receiving confirmation as soon as they are processed.

Thank you for your patience, as we have had several water right changes to process. If you have any questions concerning this ownership change, or the enclosed information, please feel free to contact this office at 334-2190.

Sincerely,

Jean Hersley
Office Specialist II
