Re: Application for Permit No. 57-11754

Dear Mr. Rosandick:

This office received your Application for Permit seeking a water right. Upon review of your application, there are a few areas of the application that need correction or completion. I have enclosed a copy of the original application with the areas that need corrected highlighted in yellow. I address in further detail specific areas for correction or completion below. I have drafted an amended application for your signature that addresses the corrections based on information submitted with the original application. Please review the amended application, make any necessary changes (date and initial any such changes), sign it on the second page and submit it to the Department for further processing.

The areas of your application that need correction or completion are as follows:

- The applicant name (item no. 1). The name provided on the application does not match Department records. I changed the applicant name to match Department records on the amended application enclosed. If this is incorrect, please amend the enclosed application accordingly.
- The legal description given for the point of diversion (item no. 3). The legal description for the point of diversion, according to the map provided, is T3N, R5W, Sec. 3, SW, SW, Gov't Lot 8. The amended application has been drafted to reflect this. If this is incorrect, please change the amended application before it is submitted.
- The proposed period use (item no. 4). The standard irrigation season for the proposed place of use is March 1 thru November 15 as indicated on the amended application.

COPY

Homedale Joint School District # 370

December 2, 2008

Page 2 of 2

- The place of use description. You have written "5" in the SW, NW quarter quarter section space. According to the map provided, irrigation is proposed in the SW, SW of Sec. 3, T3N, R5W. The amended application was been drafted accordingly. Again, if this is incorrect, please amend the enclosed application before it is submitted.

Please sign and submit the amended application, with any necessary corrections, to allow for further processing of your application. If amendments are necessary to the enclosed application, please note on the application the date you amended the application and initial or sign next to that date indicating you are the author of the amendments. Your response, or a request for more time to make your response, must be received within thirty (30) days from the date of this mailing. The application will be voided without a timely written reply.

IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please contact me at 208-334-2190 if you have any questions. Thank you for your attention to this matter.

Dear Idaho Department of Water Resources,

Enclosed please find the \$100.00 filing fee for our application for permit for the Homedale High School baseball field.

Could you please e-mail any correspondence to the Homedale Baseball Coach at, burke@idealcustomhomes.net or call him at 208-724-5185.

Thank you for your help,
Burke Deal
Homedale Baseball Coach

Dear Mr. Deal:

This office received the application for permit for the Homedale High School baseball field, however the required filing fee was not included. The application cannot be accepted into the records of the Idaho Department of Water Resources (IDWR) until the fee is paid.

Please consult the attached fee schedule to determine the required fee. The fee is based on the total amount of water described by your application. According to the total amount of water listed on your application, it appears that the filing fee will be \$100. Please consult the IDWR website or contact this office at 208-334-2190 and ask for the "office day person" if you have any further questions about the fee.

Please submit the appropriate fee at your convenience. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Thank you for your attention to this matter.

Sincerely,

Denise Buffington

Department of Water Resources,

We are submitting this application with the hope that you will expedite its approval as soon as possible.

Homedale High School is hosting the District Baseball Tournament in May 2009. Currently we irrigate the baseball field from the Snake River. This creates a continual problem with weed control and water is not available because certain times of the year the elevation drops below suction level and the irrigation pump does not run daily.

As you might know it is necessary to have water on a daily basis to properly care for a baseball field. We have a certified well drilling company that has offered to drill our well at no cost and other volunteers in our community who have offered to help with costs of material, and labor donated to lay a sprinkler system that would allow us to have a quality baseball field. The only piece missing is you granting us approval to drill this shallow well so that we can draw on the water that lays just beneath our baseball field.

We are hoping that our request will be expedited because we really need water in February to be able to have our baseball field in good shape, maintained well and ready for the District Tournament in May.

Thank you for your consideration,
Burke Deal
