RE: Water Right Nos. 35-8001A, 35-8001B, 35-8865, and 35-8957

Dear Mr. Harris:

Enclosed are copies of approved Applications for Extension of Time to Avoid Forfeiture for the above referenced water rights. According to Section 42-222, Idaho Code, resumption of beneficial use of the referenced water rights shall occur on or before **January 1, 2012**.

I understand that Notices of Change of Water Right Ownership and Applications for Transfer have been filed with the Department for the referenced water rights. Because of these filings, changes will occur to the original rights. Upon completion of the ownership changes and transfers, the Department will issue the parties documentation that provides them with information about their right. As a result of these changes, each water right holder is required to notify the Department when resumption of use begins for their right. Their response must be filed on a proper form and on or before the January 1, 2012 deadline. Enclosed with this letter to you and the parties receiving a copy, is a Resumption of Use form.

Any of the right holders may file their Resumption of Use form before the deadline. If the Department does not receive a response from each right holder, their portion of the water right may revert to the state and can be subject to appropriation.

If any right holder has not notified the Department sixty (60) days prior to the resumption deadline, the Department will send a Resumption of Use Notice to that party by certified mail.

Be advised that Section 42-248, Idaho Code, requires water right owners to maintain current ownership and address records on file with the Department. Please contact any office of
