Re: Water Right #37-7014 (John Flood)

Dear Mr. Weaver:

This firm represents John Flood (Queens Crown Ranch) on certain water right matters. At his request I am responding to your December 2, 2008 letter. Mr. Flood and I have discussed the change to water right #37-7014 and the fact that it was incorrectly conditioned to only 7.26 cfs as a combined use. We agree that water right license #37-7014 should be updated to reflect the corrected combined use limitation value of 7.44 cfs as indicated in your letter. Please have the change made so the SRBA recommendations can be updated as well.

As for the delay in responding we had discussed this matter with Kelly Christensen at an initial hearing for the SRBA subcases in Hailey in September and thought it would be taken care of without a formal response. We apologize for the delay, but please contact me at 733-0700 if you have any questions. Thanks for your attention to this matter.

Sincerely,

BARKER ROSHOLT & SIMPSON LLP
