Remarks:Comments:

1. kwalker 7/27/2005 Permit Review

Comment: Examiner found system to be as applied for. Only 1 well identified as being developed. Also checked for drilling permits in this area (due to condition #6 on permit) and there are no others on record for this qq.

Examiner did not complete his math on system capacity. He suggested a license for 1.4 cfs but I found that the system can produce 1.4483 cfs which rounds up to 1.45 cfs. Recommend using this as capacity.
