Hi Debbie,

Here's the statement of completion from the district. I should have the original in hand tomorrow. I will drop that off to you then. Thanks, Kevin

Mr. Boggs,

I spoke to my supervisor and I was not correct about the effect of filing a beneficial use field examination without a proof statement. According to Idaho Code Section 42-217 and the Department's Beneficial Use Examination Rule no. 55 a completed proof of beneficial use form must be filed with a beneficial use field report on or before the proof deadline to be acceptable and timely. Because the proof form was not received with the exam the permit is considered lapsed and will lose one day of priority for every day the proof form is not received beginning on December 1, 2008.

As we discussed you may file the proof form by fax to avoid additional loss of priority, but please provide the original signed document to the department. I will hold the field examination report for 15-days to wait for you or the permit holders' response. The end of this week or first of next week, I will issue a lapse notice to the permit holder. However, upon receipt of the proof form I will reinstate the permit and the original priority date will be adjusted accordingly.

Let me know if you have any questions, or need more information.
