RE: Security Interest for Water Right Permit No. 65-22349

Dear Interested Parties:

The Department of Water Resources acknowledges receipt of your Notice of Security Interest. Our review of your notice indicates that additional information is required before we can process the change. The department sent out a similar letter to you on February 4, 2008. The information required is indicated below:

X **Evidence of Security Interest:** copy of Deed of Trust, Mortgage, Contract of Sale or other legal document indicating your interest in the property and water rights in question. **Need an Official Signed Copy**

Because the Department cannot process the notice of security interest without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

We received an Assignment of Permit with the Notice of Security Interest. An Assignment of Permit had previously been received and processed in the names of Frank and Leslie Teunissen, husband and wife, and Northwest Farm Credit Services, FLCA. You are already listed as a co-owner of this personal property.

Because the Teunissen names went from husband and wife to Properties, L.P., a limited partnership, a new assignment of permit signed by both of the Teunissens assigning ownership over to Teunissen Properties, L.P., a limited partnership would need to be submitted. I am returning the Assignment of Permit received with your Notice of Security Interest as we are unable to process it in the manner it was filled out.

If your intentions are to be dropped off as co-owners, a new Assignment of Permit signed by the Teunissen's as husband and wife, and Northwest Farm Credit Services, FLCA, would need to be filled out assigning ownership over to Teunissen Properties, L.P., a limited partnership.

If you have any questions regarding this matter, please call Darla Block at 208-287-4945.

Sincerely,

Darla Block
Technical Records Specialist
