From: cpadilla
Re: Permit Review

WD-63

No protests

No overlaps for this use

Mitigation plan pending approval through transfer process 73632

Amendment received to change season of use, no need to change priority date since 1/1-12/31 is the standard.

This application is for one .57 acre pond and 4 acres of irrigation. The mitigation plan should cover the consumptive uses under this permit when approved, 0.08 for irrigation and 0.01 for the pond.

Recommend for approval
