STATEMENT REGARDING DRAFT LISCENCE 95-8858:

I received notice of a Draft License for W.R 95-8858, prepared by the Idaho Department of Water Resources (IDWR), and contacted the IDWR Northern region office within 14 days required to indicate that I had questions concerning the Liuscence.

I met with Shaun and Bob Haynes of the IDWR Northern region office on December 17th and resolved the questions. I have no objection to licensing water right 95-8858.
