To: Water Right Application # 81-11997

From: Eric Davis

Date: October 20, 2008

Re: Application for a permit to Appropriate Water within the Salmon and Clearwater River Basins.

Re: Regional Analysis and Recommendation in wit Water Appropriation Rules (IDPA 37.03.08.040.050).

Water Supply Information.

The Idaho Department of Fish & Game and the Department of Environmental Quality have no objection to the application of Water Right #81-11997. This application is for the withdrawing diversion rate of 0.06 cfs from the Clearwater River, for the purpose of supplying irrigation to 2 acres of land.

Good Faith, Delay, or Speculative Information.

The applicant plans to divert water for its own use on the property. There are no known issues with any other party for this application.

Financial Resources Information.

For this irrigation project the applicant has all the equipment and supplies that is needed. The cost for this project is will be around \$48, 00.00. The applicant has indicated that they have the financial resources for this project.

Local Public Interest.

The Idaho Department of Fish & Game and the Department of Environmental Quality have been ask to comment, by the applicant. Written comments received from these agencies, indicate they are not apposed to the applicant's proposal and see no adverse impact to fish, wildlife, or habitat.

Injury to Other Water Rights.

The source of water is the Clearwater River that has a Minimum Stream flow requirement.

Recommendation.

Northern Region recommends proceeding with the processing of this water right application.
