Subject: Summers Permit: Petition for Reconsideration

Jeff:

This is Rob Harris from Holden Kidwell emailing from home. I was contacted last week by Mr. Summers regarding a permit recently issued by IDWR, which I believe you are familiar with. Mr. Summers told me that the deadline for a petition for reconsideration was tomorrow. I intended to get in my office over the weekend to file a petition, but did not make it in. Just in case I am mistaken on the deadline to file the petition as being close of business tomorrow, on Mr. Summers' behalf, we'd like IDWR to clarify some of the language in the permit. I believe I understand the condition, but will propose some additional language. I'll have this emailed to you tomorrow.
