

MEMORANDUM

Date: December 09, 2008
To: Water Right File 37-7465
From: dgibson
Re: Possible Forfeiture

No response was received from the current water right holder (Bowman) regarding the resumption of use of the water right for Part A. It appears the water right holder may not be covered by the SRBA from forfeiture either. Therefore, the water right may be considered available for reappropriation according to I.C. Sec. 42-222, if nothing is reported.
