Dear Ms. Cash

The Department of Water Resources has received your application for transfer. Preliminary review of the application indicates that it is incomplete and cannot be accepted for processing. We are returning your application to allow you to complete the necessary items. The required information is described below.

The Point of Diversion being Transferred was not provided correctly. (The point of diversion described on Part 1 B #4 (SE, SW, Sec 7) is incorrect and does not match the point of diversion shown on the map provided (NW, NW, Sec 18). In addition under **Local name for diversion** a description of the well needs to be added for example, New Well to be drilled or Existing Well. You indicated the diversion is an **Existing well** on the property).

Please feel free to contact this office if you have any questions.

Sincerely,

Benny Walker
Water Resource Agent
