Subject: United Water & Water Bank, SE Boise GWMA

Gents:

Today is the deadline for SE Boise GWMA Advisory Committee to comment on proposed water bank and ASR ideas for United Water. The only comment received was Vic Conrad's (Simplot) favorable endorsement. Mike McIntyre from Micron asked about a copy of the water bank documents filed by United Water, and Aaron was able to provide that to Mike. But I did not hear anything more from Micron.

So it went about as expected - nobody raised any issues - at least to me - in the brief comment process. So good to go from Advisory Committee perspective.

Thanks for taking that time for possible comments. Good luck.

Steve
