Dear Mr. Spackman, I sent the email below this morning and then received a fax of the Motion to Extend Time for Taking Depositions and attached Exhibits from Rob Williams's secretary. I have no objection to IDWR granting this Motion as the procedures are at odds time wise. I will copy and sign this email and fax this to Mr. Williams for his official records.

Dear Mr. Spackman, I talked with Dean Dimond this morning and he tells me that he has received a Motion for extension of time from the Applicant. I am not in receipt of this Motion and would request that no decision on this matter take place until I am served with the Motion and possibly provide an Objection to the Motion. Thank you.
