PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 94-7424

Dear Permit Holder:

The department acknowledges receipt of the statement of completion for submitting proof of beneficial use ("proof") form submitted for the above-referenced permit. The next step in the process of developing a water right is for the department to conduct the field examination to determine and confirm the use of the water, and that it meets the permitted beneficial use.

In item number 6 on the statement of completion, you indicated that the total rate of diversion is 5.8 cfs. Please note that your permit limits you to the diversion rate of .20 cfs. I have enclosed a copy of the statement and a copy of the permit for your reference.

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at:
www.idwr.idaho.gov

If you have any questions concerning the field examination, please contact the Northern Regional Office in Coeur d'Alene at 208-762-2800.

Sincerely,

Emalee Rushing
