RE: PERMIT NO. 97-07276 and PERMIT 97-07279

Dear Ms. Masin:

This letter provides information concerning ownership change procedures for Water Right Permits 97-07276 and 97-07279 and information about completion of Field Examinations. The enclosed Change in Address Form arrived in our office earlier today. The form will be retained but no permanent address change can be made in Idaho Department of Water Resources (IDWR) records until an ownership change has been completed.

Permits 97-07276 and 97-07279 are currently listed under the ownership of Daniel Clark and Laura M. Clark in IDWR records. Completion of the enclosed Assignment of Permit form by Daniel Clark and Laura M. Clark, is required if it is their intent to assign ownership of 97-07276 and 97-07279 to you and/or Nolan R. Clark or Abram I. Clark. Please contact me for assistance if Daniel Clark and Laura M. Clark wish to transfer ownership and are unable to complete the form. The completed Assignment of Permit form should be mailed to me at the IDWR Northern Region office in Coeur d'Alene. Forms are available on the Internet at <http://www.idwr.idaho.gov/>.

IDWR files for the Permits indicate that most of the Field Examination work may have already been completed. Please note that I mailed the enclosed IDWR Field Exam notice today before the arrival of your change of address form. I may be able to complete the Exams during September if water levels are high enough to complete necessary measurements. I plan to be in the Priest River and Sandpoint area on September 10th and September 11th. Please contact me to arrange a time that I can meet you, and visit the property with you or an authorized representative who can operate the water systems(s), and clarify any water right changes that may have occurred.

I can be reached at (208) 762.2800/2816 or via e-mail at Shaun.Maxe@idwr.idaho.gov if you have any questions.

Respectfully,

Shaun M. Maxey
Senior Water Resources Agent
Idaho Department of Water Resources, Northern Region
