PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 95-9417

Dear Permit Holders:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made meets the permitted beneficial use.

During my review of the proof you submitted, I found that you have not developed the irrigation use of the permit. If that is correct, there is nothing that you need to do to respond to this letter. The field examiner will verify this during his examination of the developed use. However, if you have completed the irrigation you may want to amend the proof statement so that the license will be issued with the irrigation use.

You also reported that your total rate of diversion is .07 cfs; therefore, you overpaid your filing fee by \$50.00. I will request that \$50.00 be refunded to you. A check will be issued by the State of Idaho in approximately 7-10 business days and mailed under separate cover.

If you have any questions concerning the field examination, please contact the Northern Regional Office in Coeur d'Alene at 208-762-2800. If you have any questions regarding the refund or the processing of these proofs, please contact me at 208-287-4952.

Sincerely,

Emalee Rushing
Office Services Supervisor
