*Nick, we talked Cynthia Cummins at Progressive Irrigation District and she said she has been waiting for the approval and that board of directors actually approved the transfer ahead of time. They are the ones that told Alan Skaar to go ahead with the transfer to help out the Birch family.*

*Hope this clears up all the mud.....*

Dave/Sharla,

After today's meeting I remembered that Sharla had said the guy who signed the transfer app on behalf of Progressive had recently passed away and we were going to try and get a hold of Progressive's secretary to make sure Progressive is still on board with the transfer. If they are, then no need to run the question by legal. If not, then I'll get legal's stance. Are you guys going to follow up with Progressive's secretary or should we? Dave you had mentioned it better we not try to contact Progressive for various reasons...?
