Mr. Speck,

I am sorry we are not connecting today. One of the points I'd like to discuss with you needs a visual aid.

I have attached a screen shot of the Flying Joseph permit 73-12146 place-of-use. Because of its proximity to the airstrip, I want to verify with you that this is still where the applicant intends to locate it.

The state office does like to sign permits that we know are different from the right holders intent. If this is not the correct location, we need to get this application amended.

Michele Edl
