**RE: LEASE OF WATER RIGHT NO(S). 36-16458 AND 36-16460
TO THE WATER SUPPLY BANK; IRS FORM W-9 REQUEST**

Dear Lessor:

Portions of water rights 36-16458 and 36-16460 were originally accepted for lease to the Water Supply Bank ("Bank") on January 23, 2007, in the names of William and Betty Becker, for an "indefinite" period. Department of Water Resources ("Department") records show that you now own these rights. The portions of these rights leased to the Bank will remain in the Bank for an "indefinite" period unless released earlier by the Water Resource Board or until the lessor submits a request to the Department in writing to release the rights from the Bank. A portion of these rights are being rented through December 31, 2012. As the lessor, you will receive 90% of the total rental fee while the rights are rented from the Bank. The Department retains 10% of the total payment for administrative fees.

Enclosed is a copy of the Internal Revenue Service Request for Taxpayer Identification and Certification, Form W-9. The Department is required to file an information return with the Internal Revenue Service ("IRS") for all payments issued for water rented from the Bank. Payments for the rental of a water right or part thereof cannot be issued to the lessor of a water right unless the Department has received a completed IRS W-9 form.

Additionally, documentation of authority to receive payment must be submitted if the name provided on the W-9 form does not match the name of the lessor. The address associated with the water rights leased to the Bank will be updated in the Department database to the address provided on the W-9 form unless otherwise requested by the lessor. Please return the enclosed form within ten (10) days from the date of this notice, along with any additional documentation to my attention.

Please note, while a water right is in the Bank, the owner of the right may not use the right while it is leased to the Bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Section 42-351, Idaho Code, for illegal diversion and use of water, and may include civil penalties pursuant to Section 42-1701B, Idaho Code. Also consider that the five (5) year period of nonuse related to forfeiture of a water right shall begin to accrue upon release of the right from the Bank or shall continue to accrue if a period of nonuse occurred prior to the lease date of the right to the Bank.

If you have any questions, please contact me at (208) 287-4943.

Sincerely,

Aaron Marshall
Water Allocation Bureau
