Conditions of Approval:

1. N05 The quantity of water under this right for stockwater use shall not exceed 13,000 gallons per day.
2. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
3. N08 The quantity of water decreed for this water right for stockwater use is not a determination of historical beneficial use.

Remarks:Comments:

1. erushing 8/11/2008 Ownership Change

Comment: Three ownership change requests resulted in the splitting of WR 85-4204 into 85-15703, 85-15704, 85-15705 (Straw), 85-15706 (Kay), and 85-15707 (Raymond). Ownership change previously submitted by the Raymonds changed the entire right from the original owner Evans to the Raymonds (this was done even though a request to split the right was submitted).

2. erushing 8/11/2008 Ownership Change

Comment: The maps submitted by the new owners indicate that there are 5 new owners. The dept. has only received 3 ownership change requests. I divided the right 5 ways to eliminate confusion when further ownership change requests are received. The two remaining portions (85-15703 and 85-15704) will remain in the name of Raymond as per the partial decree.
