In regard to water right changes

Hey Jean,

Here is a copy of the Personal Representative's Deed showing the distribution of my fathers property to aid in the renaming of ownership for the water rights we use here in Garden Valley. I am still a little uncertain exactly how to fill out the "assignment of permit forms" for 65-13344A and 65-13588.

Specifically, since my fathers name is on the application and he is now deceased, what name goes in the first blank? Also what name(s) go in the blank lists underlined Permit Holder? If you have time, I can be reached at djward3@mindspring.com Thankyou for you patience Jean.

Sincerely
David Ward
