RE: Application for Transfer 75147

Dear Applicant(s):

The Department of Water Resources has received your application for transfer. Preliminary review of the application indicates that it is incomplete and needs corrections. The required information is described below.

The Proof of Ownership, no Exhibit "A" for the Bethke property.

The Notarized Signature, from Matt Lee, does not have any association with Southeast Idaho Energy. We need some kind of paperwork that authorizes him to sign for them.

The Map and the place of use do not match. Please verify information is correct.

The cfs should be 8.5 cfs, you show 9.5 cfs, if 9.5 is correct, please tell us how you determined that amount.

Please feel free to contact this office if you have any questions.

Sincerely,

Dave Carlson
Water Resources Supervisor
