RE: Water Permit No. 91-07153

Dear Mr. Franklin:

Enclosed you will find a Notice of Change in Water Right Ownership and the \$25.00 filing fee. The only purpose of this change is to eliminate John Stackow from the permit as I have purchased the property and rights to the well as of May 27, 2008.

As per instructions, I have also enclosed a copy of the recorded Quit Claim of Water and Well Rights and Well Radius Easement along with a portion of the plat map indicating the location of the well and properties being serviced by this well.

Please let me know if you need additional information regarding this change.

Thank you.

Sincerely,

Jill Perkins
