RE: App For Transfer 73418

Dear Mrs. Callen;

Enclosed is a 2004 aerial photo of your farm in Owyhee County. The areas outlined in red are what appears to be irrigated under 6 pivot sprinklers. If there is additional land that you want to irrigate, please outline it on the photo so that it can be included in the transfer. Some of the decreed place of use appears to be dry in the photo, so I need to know what land has not been irrigated for the last 5 years. Once you have this information, please contact me for another appointment to continue data entry on your application.

Regards,

James E. Stanton
Sr. Water Resource Agent
