RE: App For Transfer 73418

Dear Mrs. Callen;

As you may recall, there was a question as to the actual location of these wells when you filed this application back in March. I requested GPS coordinates on the wells at that time, and also recently, but you still have not provided the data. I will hold your application until August 7th; if the GPS data is not received by then, the application will be forwarded to our western region office in Boise for processing. After that date, you will need to work directly with them; I will not be able to help you after that.

Regards,

James E. Stanton
Sr. Water Resource Agent
