Mr. Schwarz:

The address change you submitted will be processed to update your individual address on all water rights which list you as an owner.

I have attached a Change of Ownership form & instructions for your convenience if you would like to change the ownership on any of your water rights. You mentioned that you do business under the name of Big Willow Ranch LLC & you may also want to update your records to remove previous owners that no longer have an interest in the rights. The instructions explain the necessary documentation & fee requirements.

I have also attached two lists of water rights I found through a search of our database. Towards the middle of the page you will see a "Source Table" column that identifies the Water Right list & the Adjudication list. The adjudication lists the original claim record & recommendation record for each right number. Those records still active in the Snake River Basin Adjudication (SRBA) don't require a fee to change the ownership. Those rights on the Water Right list do require a fee per the instructions.

Please call me if you have any questions regarding the documents I have sent to you. It's important to keep ownership on your water right records correct & accurate. I appreciate your efforts in this matter. I will contact our Dam Safety group regarding your questions related to status of the Dam inspections done last year.
